ENTENTE CORDIALE - RELEASE MARCH 24, 2023

Nigel Price and Alban Claret have come together to create their new album, Entente Cordiale.

Nigel Price needs no introduction as one of the leading guitarists in the UK, and hot on his heels is the young French guitarist, Alban Claret. Putting the two together to form a quartet was an inspired idea.

It may be unusual to find a quartet with a two-guitar front line, but with Entente Cordiale we are presented with just that, in an excellent album that takes us on a journey that features some of the great jazz composers of the 20th century. Some of the compositions are old friends while others may be less familiar, but all are handled with authenticity and originality that ensures that the integrity of the composer is uppermost while the quartet are able to breathe life into the music in way that allows for some fiery and lyrical solos from both guitarists, superbly and sympathetically accompanied by bassist Mikele Montolli and Matt Fishwick on drums.
