

A BOUTIQUE OF FINE HANDCRAFTED ARCHTOPS

SEE US AT THE LONDON INTERNATIONAL GUITAR SHOW, KEMPTON PARK, 27th OCTOBER 2019

We will be showing some Fibonacci guitars at the London International Guitar Show, October 27th, on the Ivor Mairants and Alnico 5 stands. The new Ambassador model, fitted with a Dickinson floating PAF, our new Fibonacci Fibonacci model, fitted with a floating Krivo, due for release in early 2020, a couple of Chiquita's, and a deep bodied, oiled Diablo will be on display. Nigel Price will also make an appearance with his Fibonacci Londoner, and Ciyo Brown with his Dual pickup Diablo. You can find more information on the show and how to buy tickets at <http://www.guitarshows.co.uk>

JON DICKINSON PICKUP COMING SOON!

We have been working on a project with Nigel Price and Jon Dickinson. Those of you who already know Jon, will know that he is an incredibly talented guy when it comes to electronics, and thus you will be aware of his superb amps and pre amps. So, when we needed a unique pickup, specific in design to Nigel's requirements, which other pickup builders struggled to build, Jon was the man to discuss things with. Nigel was after a full sized, split humbucker, with adjustable poles, slim enough to float on an archtop. Sounds simple enough, but the project was far from a simple one. Otherwise it would have been done already. Anyway, Jon has been busy and has come up with something very interesting. A little bit of tweaking still to do on the prototypes, but we are almost there. More information coming soon!

NYLON STRUNG, SHORT SCALE CHIQUITA

This one is a first for us. We have been building a custom, nylon strung Chiquita, almost complete now, for one of our customers. This custom Chiquita has a hand carved spruce top, hand carved flame maple back and sides, and is oil finished. It has a 620mm short scale neck, with 18 frets joined at the 12th, and is fitted with a LR Baggs Lyric pickup system. As per the requirements, we also fitted a flame maple arm rest, and flame maple finger rest, both stained in chocolate nitro. We are thrilled with the results, it looks great and sounds even better. Look for some posted audio snippets in due course. #nylonstrungfibonaccichiquita

FIBONACCI FIBONACCI COMING SOON!

Meet Chris, one of our luthiers, working on our new Fibonacci Fibonacci model which will be available from early 2020. It is a double cutaway, hand carved spruce top, hand carved mahogany back and sides, archtop. This one is being fitted with a single floating Krivo pickup. More information coming soon. #fibonaccifibonacci #handcarvedarchtops #krivopickups
