Fibonacci Guitars would not be here if it wasn't for the great team who make it what it is today. We would therefore like to take this opportunity

to say a BIG thank you to the team... Richard, Jack, Andrew, Arthur, who always do a stellar job, John, Chris, and Rees at Bow Finishing for giving us some of the finest sunbursts and nitro finishing around, Jon Dickinson for making great pickups, as does Mark Stow at OX4, Jess and the chaps down in Lewes at The Cutting Edge CNC, producer Sean Genockey for his guidance over the years, Les Davidson for bringing a wealth of guitar knowledge to the table, Martin Taylor MBE and Nigel Price for helping to keep the 'bar' at a very high standard, Ciyo Brown for his constant support of the brand, Giorgio Serci and Gareth Fowler for helping to inspire new projects, Peter and Gail at Northern Guitars who always put on a great show, and last but not least, Derek at Guitar Village in Farnham, Mak at Mak's Guitars in central London, Agents John VanWagoner in the USA, Dusty in the UK, Frank in Germany, David in France, Frank in Austria, Palle in Denmark. So with some great new products on the horizon, we are looking forward to 2022 with great enthusiasm.
